THE LIBERAL ARTS CORE

A. LIBERAL ARTS EDUCATION

An education in the liberal arts should do at least two essential things:

- help students to reach a university-level mastery in the most fundamental intellectual skills needed both to explore the world and for effective communication and expression: the use of language and the use of quantitative methods.

- help students to develop broad and integrating perspectives on the world and human experience, perspectives that draw upon the best of scholarship and research from across the fields of liberal learning. This is done by introducing students to a variety of important parts of the universe of learning and helping them to draw upon and become members of the universal community of learners.

B. THE PARTS OF THE CORE

The Liberal Arts Core is a set of principles that guides students in the selection of courses and serves to define the common core of a liberal arts education at Syracuse. It was devised and adopted by the faculty of the College of Arts and Sciences to assure that each student's course of study includes the most important features of an education in the liberal arts. There are three fundamental parts to the Liberal Arts Core:

1. The Liberal Skills Requirement
2. The Divisional Perspectives Requirement
3. The Critical Reflections on Ethical and Social Issues Requirement

The Liberal Skills Requirement assures that each student further develops the fundamental intellectual skill of effective writing and gives the student a choice of whether to satisfy a competency requirement in quantitative skills or a second language.

The Divisional Perspectives Requirement introduces students to something of the great range of liberal fields of inquiry. A liberal education is essentially an education from a diversity of viewpoints. An education is not "free" if it confines students to one or two viewpoints, one field of study, or focuses narrowly on a single professional objective. The disciplines and interdisciplinary studies that constitute the universe of the liberal arts and sciences both complement and compete with each other in the effort to gain the most informed, balanced, and integrating perspectives on the world and human experience. Students need to get a sense of the range and power of liberal studies, and of the controversies and uncertainties that remain a challenge for these studies. In the course of surveying something of this range, they will also be put in a better position to make an informed choice regarding their majors and minors.

The Critical Reflections on Ethical and Social Issues Requirement is designed to assure that students reflect upon the relevance of the liberal arts and sciences to ethical and social issues. Every liberal field of study has great ethical and social significance. The courses that satisfy this requirement build on that fundamental fact in order to highlight that significance and to develop in students critical and self-critical intellectual habits of thought.
FIRST YEAR FORUM
AND
THE FIRST YEAR LECTURE

The First Year Forum and the First Year Lecture give students entering the College of Arts and Sciences an innovative, common introduction to the College and to studies in the Liberal Arts.

The First Year Forum, CAS 101, is a one-credit seminar required of all First Year Students who are not in the Honors Program, designed to orient students to the university and to studies in the College of Arts and Sciences. A Forum is led by a regular member of the faculty who has volunteered to lead a seminar of 15 students. Frequently the faculty member is also the student’s academic advisor. Faculty members meet with their Forum once a week for the first 8 to 9 weeks of the semester for discussions that range from important intellectual issues to significant problems of adjustment to the university. The content of each Forum varies from section to section and is determined by each Forum Leader, who may involve the students in some of the choices of topics and activities. There are, however, common elements across the Forum seminars. Forum Leaders take their students to dinner and together they attend some local cultural event -- the symphony, a play, a museum exhibit. Forum sections will attend the First Year Lecture together and incorporate discussion of it in their seminar meetings. Among the major purposes of the Forum is to make sure students get to know a faculty member personally and in some context other than that of an academically specialized course. Another major purpose is to see that faculty members are getting to know first year students in a deeper way than is usually possible in regular courses. All first year students in the College are required to participate in a First Year Forum.

The Milton First Year Lecture was established in the College of Arts and Sciences to provide a unique focal point for the introduction of students to the College. The lectureship brings a nationally prominent speaker to campus early each fall to address the first year students of the College of Arts and Sciences at the beginning of their university studies. The lecture provides an opportunity to bring our students together to highlight the importance of their common undertaking as students in the Liberal Arts and stimulates them to academic achievement. The topic of the First Year Lecture will provide a common intellectual theme for discussion in the Forum seminars -- a theme of particular importance to students and scholars in the Liberal Arts.
DIVERSITY AND THE LIBERAL ARTS CURRICULUM

DIVERSITY is one of the University’s five core values. In a college curriculum a commitment to
diversity means a commitment to studies that help students to understand the variety of peoples, social groups and
cultures that surround, affect, challenge and enrich them. It also seeks to help each student gain an informed and
critical understanding of her or his own social and cultural background by setting it in the context of the
backgrounds of others. Liberal education has always promoted the understanding of people of other kinds, times
and cultures, but it is only in recent times that the full implications of that ideal have been recognized.
Traditionally, a limited selection of social groups and cultures other than those dominant in a society were
considered in a liberal course of study, but not a sufficiently rich array was included to allow an adequate, critical
understanding of human diversity.

Several departments of the College have explicit missions to provide studies of women, ethnic minorities of the
United States, and cultures other than those of Great Britain and Anglo-America. These departments include:

- African American Studies
- Anthropology
- Languages, Literatures and Linguistics (including Arabic, Chinese, French, German, Greek, Hebrew, Hindi,
  Italian, Japanese, Kiswahili, Korean, Latin, Persian, Polish, Russian, Spanish, Turkish)
- Geography
- History
- Political Science
- Religion
- Sociology
- Women’s and Gender Studies

In addition to these departments, the College of Arts and Sciences is the home of several interdisciplinary
programs offering majors or minors that bring specific focus on groups and cultures that expand our
understanding of human diversity:

- Asian / Asian American
- Forensic Science
- Global Political Economy
- International Relations
- Judaic Studies
- Latino-Latin American Studies
- Lesbian, Gay, Bisexual, and Transgender Studies
- Middle Eastern Studies
- Native American Studies
- Religion and Society
- South Asian Studies

These departments and programs, along with others, offer over 50 undergraduate courses on US ethnic
minorities, over 45 courses on women’s issues and over 200 courses on cultures and societies outside of
Great Britain and Anglo-America. We encourage students to take full advantage of this rich diversity
within the curriculum.

A special feature of the Liberal Arts Core called the Critical Reflections on Ethical and Social Issues
Requirement also directs students to courses in which issues and topics concerning human diversity are
studied (see the section on this requirement later in this Guidebook).
SPECIAL NOTE FOR STUDENTS WITH ADVANCED PLACEMENT CREDIT

If you have received the score required on one of these C.E.E.B. Advanced Placement examinations, you will receive credit for the appropriate Syracuse University course(s) and may apply those credits earned toward completing the Liberal Arts core according to this chart.

Note: A maximum of 30 semester hours of credit may be accepted from all forms of extra-institutional and experiential learning, and examination programs (including Syracuse University Advanced Credit Examinations).

</table>

---

\(^1\) Pre-medical students should consult with Health Professions Advising before accepting AP chemistry credit

\(^2\) English: Literature and Composition –If you score a 4 or better on the examination in Literature and Composition, you will receive three credits for ETS 151. Should you subsequently elect to take ETS 151, you will be able to transfer the credit to one of the following: ETS 152, 153, 117 or 118. In addition you will also receive three credits for WRT 105 for a total of six credits.

\(^3\) Students cannot be awarded credit for both MAT 295 and for MAT 285-286. While MAT 295 is usually the most appropriate choice, speak to your faculty/academic advisor about which is appropriate for your program.

</table>

If you decide to take the equivalent Syracuse University course for which you have been awarded Advanced Placement or Transfer Credit, the AP or Transfer Credit WILL BE DELETED and you will lose the credit. If you have questions, contact Advising and Academic Support in 323 Hall of Languages.

<sup>4</sup> Students cannot be awarded credit for both MAT 295 and for MAT 285-286. While MAT 295 is usually the most appropriate choice, speak to your faculty/academic advisor about which is appropriate for your program.
SPECIAL NOTE FOR TRANSFER STUDENTS

Students who have earned college credit before enrolling in Syracuse University, and intra university transfers into the College of Arts and Sciences from schools and colleges that did not require the Liberal Arts Core, should make sure that their transcripts are evaluated by the Office of Advising and Academic Support and that their previous work is evaluated in the context of the Liberal Arts Core.

The following applies to students in the College of Arts and Sciences.

In evaluating a transfer student’s prior credits as they apply toward the Liberal Arts Core requirements, the College will handle them as follows:

1. **A.A. or A.S. Completed Elsewhere**
   
   Students transferring to Syracuse who have earned an Associate of Arts (A.A.) or Associate of Science (A.S.) degree shall be required to complete the Liberal Skills and Critical Reflections Requirements of the Liberal Arts Core. Based upon prior course work such students are required to successfully complete four courses in one of the Liberal Arts Core Divisional Perspective Requirements (Humanities: Natural Sciences and Mathematics; Social Sciences) and successfully complete at least two courses from the list in the other two Liberal Arts Core Divisional Perspective Requirements (Humanities: Natural Sciences and Mathematics; Social Sciences), including the completion of at least one natural science laboratory course.

2. **A.A. or A.S. Not Completed Elsewhere**
   
   Students who have earned college credit before enrolling in Syracuse University and intra university transfers into the College of Arts and Sciences and not having completed an A.A. or A.S. degree, shall be required:

   (a) to complete Liberal Skills Requirement;
   (b) to complete, through a combination of transfer credits and College courses approved for the Divisional Perspective Requirement, four courses in each of the three divisions, including course work from at least two departments in each division, and two of these courses must constitute an approved sequence
   (c) to complete or to show prior completion of at least one course that offers a natural science laboratory, or fieldwork
   (d) to complete the Critical Reflections on Ethical and Social Issues Requirement.

Notes:

- Transfer credit is not accepted for Writing Intensive and Critical Reflections requirements except when defined in articulation agreements.
- If you decide to take the equivalent Syracuse University course for which you have been awarded Advanced Placement or Transfer Credit, the AP or Transfer Credit WILL BE DELETED and you will lose the credit. If you have questions, contact Advising and Academic Support in 323 Hall of Languages.
- International Baccalaureate Program - Arts and Science students who have completed courses in the IB Program should contact Advising and Academic Support in 323 Hall of Languages regarding credit toward completing the Liberal Arts Core.
PART I

THE LIBERAL SKILLS REQUIREMENT

Quantitative skill and skill in the use of languages are indispensable elements in liberal and general education. The importance of these skills does not diminish after graduation. They are abilities that are in constant need throughout our lives - for professional success, for effective and informed citizenship, and to enable us to enjoy and to contribute to the cultural and intellectual riches that depend upon them.

To satisfy the Liberal Skills Requirement of the Liberal Arts Core, students are required to achieve proficiency in writing by successfully taking either WRT 105, WRT 109, CAS 100 or ENL 211; and WRT 205, and a special writing-intensive course prior to taking WRT 205, WRT 209 or ENL 213.

The remainder of the requirement gives students the option of demonstrating a university-level competence in either

- a language other than English, or
- the use of quantitative methods to understand and solve problems.
SECTION A

THE WRITING SKILLS REQUIREMENT

Students satisfy the Liberal Skills Requirement in Writing by successfully completing three courses. The first of these courses is chosen from Writing Studio 1: Practices of Academic Writing (WRT 105) or First Year Seminar (CAS 100*) or ENL 211 Composition for Non-Native Speakers of English. During the second year, students will take the higher level Writing Studio 2: Critical Research and Writing (WRT 205) or Advanced Academic Writing and Research for Non-Native Speakers of English (ENL 213). Before WRT 205 or ENL 213 is taken, students will take a Writing-Intensive course in a subject matter other than writing — a course that has been specially designed to give attention to developing writing ability while studying another subject matter. The list of approved, Writing-Intensive courses will be found in the next section.

1. WRITING COURSES

CAS 100*, WRT 105 and WRT 205 introduce students to the kinds of writing, reading, and critical thinking that are practiced in a university and expected throughout the curriculum. Students write frequently, in varied forms, for varied purposes of inquiry and instruction. Students whose native language is not English satisfy the requirement by completing ENL 211, and 213. Remedial work may be necessary for a student prior to entering ENL 207.

Students will take WRT 105 or CAS 100* in the fall or spring of their first year and WRT 205 in the spring of their sophomore year. WRT 109, CAS 100*/HNR, and WRT 209 are intensive versions of the three writing courses for students in the Honors Program. ENL 211 and 213 satisfy the requirement for students whose native language is not English. All alternatives are listed below.

CAS 100* First Year Seminar (3 CREDITS) Interdisciplinary courses on a designated topic providing an in-depth writing experience supported by an academic context. Covers rhetorical strategies, practices, and conventions of writing in the academy, alongside critical reading and research practices.

WRT 105 Studio 1: Practices of Academic Writing (3 CREDITS) Study and practice of writing processes, including critical reading, collaboration, revision, editing, and the use of technologies. Focuses on the aims, strategies, and conventions of academic prose, especially analysis and argumentation.

WRT 205 Studio 2: Critical Research and Writing (3 CREDITS) Study and practice of critical, research-based writing, including research methods, presentation genres, source evaluation, audience analysis, and library/online research. Students complete at least one sustained research project.

WRT 109, 209 Studio 1 and 2 (HONORS) (3 CREDITS EACH) These courses are honors versions of WRT 105 and 205 for students of demonstrated exceptional ability. WRT 109 is a prerequisite for WRT 209.

ENL 211 Composition for Non-Native Speakers of English (3 CREDITS) Expository writing and reading. Students develop an awareness of the cultural and discourse expectations in written English, through reading and responding to articles on a variety of topics and writing essays of increasing complexity.

ENL 213 Advanced Academic Writing and Research for Non-Native Speakers of English (3 CREDITS) Development of critical reading and thinking skills used in scholarly research in a variety of disciplines. Students learn to summarize, synthesize, critique, and document, and use library resources effectively.

EXEMPTIONS AND ALTERNATIVES

Advanced Placement. Students who achieve a grade of 4 or 5 on their CEEB Advanced Placement Exam in Literature and Composition may register for WRT 205. Students who achieve a grade of 3 or higher on the CEEB Advanced Placement Exam in Language and Composition are not required to complete WRT 105 or WRT 205.

Project Advance. Students who have completed WRT 105 and English and Textual Studies (ETS) 141 through Syracuse University’s Project Advance have earned 6 credit hours. To complete the LIBERAL SKILLS in Writing requirement, these students should take WRT 205 in their sophomore year.

Transfer Credit. Course work completed at another college or university will be evaluated in a manner consistent with information provided in the Transfer Student section of this Guidebook (see page 8). Transfer credit however is not accepted for the Writing Intensive requirement except when defined in articulation agreements.

* For students who have not already taken the first writing skills requirement, CAS 100, First Year Seminar, will meet this requirement. For students who have fulfilled the first writing skills requirement, CAS 100, First Year Seminar, will meet a divisional requirement and possibly a critical reflections and / or writing intensive requirement as determined by course content.
2. THE WRITING INTENSIVE REQUIREMENT

Students will take a Writing-Intensive course as a prerequisite to taking WRT 205 in their fourth semester. The courses approved for satisfying this requirement are listed below. Transfer and other credit are not accepted for the Writing Intensive Requirement except when defined in articulation agreements.

AFRICAN AMERICAN STUDIES
AAS 138 Writing About Black Culture
AAS 233 The Caribbean Novel
AAS 234 African Fiction
AAS 235 African American Drama

- WGS/PHI 297  Philosophy of Feminism
- WGS/AAS 303  Black Women Writers
- WGS/ANT/SAS 324  Modern South Asian Cultures
- WGS/SWK 328  Human Diversity in Social Contexts
- WGS/ANT/GEO 367  Gender in a Globalizing World

**OTHER SCHOOLS AND COLLEGES**

**DAVID B. FALK COLLEGE OF SPORT AND HUMAN DYNAMICS**
SWK/WGS 328  Human Diversity in Social Contexts

**Only Available For Students in the RENÉE CROWN HONORS PROGRAM**
- HNR 240  Arts Without Borders
- HNR 260  Ethics in the 21st Century
- HNR 260  History of the Women's Suffrage Movement
- HNR 260/GEO 219  American Diversity and Unity
- HNR 260/WGS 200  History of the Women’s Suffrage Movement
- HNR 340  Fiction Writing Workshop
- HNR 340  Tell Your Story Walking
- HNR 360/HST 347  Modern American Politics Through Fiction

**Notes:**  Transfer and other credit are not accepted for the Writing Intensive Requirement. • These courses may not be used to satisfy the Writing Intensive Requirement if taken prior to Fall 1995. •
SECTION B

THE LANGUAGE SKILLS REQUIREMENT

Students satisfy the Language Skills option of the Liberal Skills Requirement by demonstrating that they have achieved a certain level of competence in a language other than English by either:

1. completing a 4-credit language course numbered 201, or a 3- or 4-credit language course numbered 202 or higher (see Advanced Language Work under Exemptions and Alternatives on page 14); or
2. satisfying one of the requirements listed on the next page under "Exemptions and Alternatives."

Beginners can complete the language requirement with a sequence of three 4-credit courses numbered 101, 102, and 201. Each of these courses includes four hours of class and two hours of independent laboratory work in a computer or audio/visual cluster weekly.

Courses numbered 101, 102, and 201 are available on a regular basis in Ancient Greek, Arabic, Chinese, French, German, Hebrew, Hindi/Urdu, Italian, Japanese, Kiswahili, Korean, Latin, Persian, Polish, Portuguese, Russian, Spanish and Turkish.

IN THE SEMESTER IN WHICH STUDENTS TAKE ONE OF THESE LANGUAGE COURSES THEY MAY TAKE THREE OR FOUR OTHER COURSES TO REACH A STANDARD LOAD (15-17 CREDITS).

STUDENTS MAY NOT RECEIVE CREDIT FOR A LOWER LEVEL LANGUAGE COURSE TAKEN AFTER SUCCESSFULLY COMPLETING A HIGHER LEVEL COURSE IN THE SAME LANGUAGE.

GENERIC COURSE DESCRIPTIONS

(Catalog descriptions may vary slightly from the following, depending on the language; see entries under specific languages. The frequency of offering also may vary for different languages.)

XXX (e.g., SPA) 101 LANGUAGE I (e.g., SPANISH I) (4 credits) (only offered in the fall)
Introductory proficiency-based course that prepares students to understand, speak, read and write in culturally authentic contexts. Activities are conducted in the language (e.g., Spanish). Prerequisite. No prior experience, or admission by placement testing.

XXX 102 LANGUAGE II (4 Credits) (offered in the spring; some languages offered in the fall)
Continuing proficiency-based course that develops communicative abilities in speaking, listening, reading and writing in culturally authentic contexts. Activities are conducted in the languages. Prerequisite: Successful completion of XXX 101 or admission by placement testing.

XXX 201 LANGUAGE III (4 Credits) (offered in the spring; some languages offered in the fall)
Refines and expands previously acquired linguistic skills in culturally authentic contexts. Activities are conducted in the language. Prerequisite: Successful completion of XXX 102 or admission by placement testing.

14| LIBERAL ARTS CORE
EXEMPTIONS AND ALTERNATIVES

The following options are also available to fulfill the requirement.

**Advanced Placement.** Students who receive 4 credits in French or Spanish Literature by the CEEB Advanced Placement examination thereby demonstrate a competency equivalent to Syracuse University language courses numbered 201. Such students thereby satisfy the Language Skills Requirement.

**Demonstrated Competence.** Students who successfully complete an approved examination testing aural, reading, and composition skills meet the requirement. Petitions for an examination should be submitted to the language coordinator.

**Advanced Language Work.** One may fulfill the requirement by completing with a grade of C or better any 3- or 4-credit course taught in a language other than English numbered 202 or above offered by the Department of Languages, Literatures, and Linguistics.

**International Students.** Students whose native language is not English may petition to have the language requirement fulfilled by their knowledge of their natural language.

**Study Abroad.** Programs of Syracuse University Abroad (SUA) in Chile, China, France, India, Italy, and Spain offer the same courses that are available on campus for satisfying the language requirement.

**Transfer Credit.** Transfer credit for foreign language courses will not be considered for approval until it has been evaluated by the Department of Languages, Literatures, and Linguistics at Syracuse University to determine the appropriate course equivalent. Credit will be considered for acceptance by the College if taken at an accredited institution.
SECTION C

THE QUANTITATIVE SKILLS REQUIREMENT

A student may satisfy the Quantitative Skills option of the Liberal Skills Requirement by successfully completing a First Course and a different Second Course drawn from the lists below. When planning a program, be aware that many courses in the second course list have prerequisite courses. Some courses appear on both lists.

Any student who completes a calculus course numbered 284 or higher with a grade of C or better is thereby exempt from the need to take an additional course to complete the Quantitative Skills Requirement. Calculus courses numbered 285 or higher may simultaneously be used to partially satisfy the Natural Sciences and Mathematics Divisional Requirement. MAT 284 cannot be used to meet both the Quantitative Skills Requirement and the Natural Science and Mathematics Divisional Requirements. It can only be used to meet one of these requirements.

Consult the course descriptions in the back of the book for information on when credit for certain mathematic courses is disallowed.

First Course:

- MAT 121 Probability and Statistics for the Liberal Arts I
- MAT 183 Elements of Modern Mathematics
- MAT 193 Algebra-Infused Precalculus (to be followed by MAT 285 or MAT 295)
- MAT 194 Precalculus (to be followed by MAT 285 or MAT 295)
- MAT 221 Elementary Probability and Statistics I
- MAT 285 Life Sciences Calculus I, or
- MAT 295 Calculus I
- STT 101 Introduction to Statistics

Second Course: (Note: Some of these courses have prerequisites)

- GEO 386 Quantitative Geographical Analysis
- MAT 122 Probability and Statistics for the Liberal Arts II
- MAT 222 Elementary Probability and Statistics II
- MAT 284 Business Calculus
- MAT 285 Life Sciences Calculus I, or
- MAT 295 Calculus I
- MAT 286 Life Sciences Calculus II, or
- MAT 296 Calculus II
- MAX 201 Quantitative Methods for the Social Sciences
- PSY 252 Statistical Methods II
- *SWK 361 Foundations of Social Work Research
  *Apply as Non-Arts & Sciences credit

Many students will satisfy the Quantitative Skills Requirement by taking a pair of statistics courses. Both MAT 121 and STT 101 provide introductions to statistics with emphasis on the analysis of real data sets. They do not assume any prerequisite mathematical preparation, although in MAT 121 it is desirable that students have a reasonable level of competence in high school algebra. Students who complete MAT 121 may satisfy the Quantitative Skills Requirement by choosing from among MAT 122 (the continuation of MAT 121), MAX 201 (an introduction to quantitative analysis in the study of public affairs), and SWK 361 (an introduction to quantitative methods in social work). Note that MAT 121 is a prerequisite for MAT 122.

Only students who have mastered high school algebra should contemplate any of the remaining options for satisfying the quantitative skills requirement.
FOR STUDENTS NOT MAJORING IN SCIENCES  The sequence MAT 221-222, Elementary Probability and Statistics, is designed for non-science majors and introduces basic concepts of probability and statistics and their applications. It is more mathematically rigorous than MAT 121-122.

FOR STUDENTS INTERESTED IN BUSINESS AND MANAGEMENT  Students who are interested in business and management should consider the sequence consisting of MAT 183 and 284. This introduces both discrete and continuous mathematics, and includes such topics as vectors, matrices, linear programming, probability and basic concepts of calculus.

FOR STUDENTS WITH STRONG MATHEMATICS BACKGROUNDS  Students with strong mathematics backgrounds should consider taking calculus. MAT 285 is designed for students planning to major in the social or life sciences, whereas MAT 295 is designed for engineering students and science and mathematics majors. Students with a weak background in trigonometry and analytic geometry should take one of the sequences MAT 194-285 or MAT 194-295.

EXEMPTIONS AND ALTERNATIVES

Advanced Placement. Any student who received 4-6 credits of calculus on the basis of the CEEB Advanced Placement examination satisfies the QUANTITATIVE SKILLS requirement.

Calculus. Any student who completes with a grade of C or better any one calculus course numbered 284 or above is exempt from the QUANTITATIVE SKILLS requirement.

Advanced Credit Exam. Any student receiving 3 or more credits in calculus by advanced credit exam satisfies the QUANTITATIVE SKILLS requirement.

Transfer Credit. Courses transferred to Syracuse need not be retaken for the purposes of the QUANTITATIVE SKILLS requirement. In very exceptional circumstances, e.g. courses completed at a non-accredited institution, students may petition to take a competency examination in any of the courses offered by the Mathematics Department. Students who pass such an examination are deemed to have passed the corresponding course for the purposes of the requirement. Petitions for such examinations should be submitted to the chair of the Mathematics Department.

PLACEMENT

To determine the appropriate course for you:
1. Take the Mathematics Placement Test as indicated in the first term enrollment selection information provided.
2. Consult the descriptions of mathematics courses and discuss your objectives with your advisor.
3. Follow the placement advice of the Mathematics Department on the basis of your placement test.

Transfer Students: If you are planning to take any mathematics course numbered 121 or above and have not been granted transfer credit for any such course, you should take the Mathematics Placement Test and consult with your advisor.
PART II

THE DIVISIONAL PERSPECTIVES REQUIREMENT

The requirement that students take four courses in each of the three curricular divisions of the College — the Humanities, Social Science and Natural Science and Mathematics divisions — is designed to promote goals fundamental to a liberal education.

* To enable students to develop broad perspectives informed by the best of scholarship and research from across the fields of liberal inquiry.

* To provide a critical understanding of various modes of intellectual inquiry and of how they differ, complement and compete with each other.

* To enable students to explore the opportunities for upper division studies — including fields in which they might major or minor — so that their subsequent choices will be informed ones.

To satisfy the Divisional Perspectives Requirement:

1. A student must take four, 3- or 4-credit courses in each of the three curricular divisions of the College of Arts and Sciences — that is, in the Humanities, the Natural Sciences and Mathematics, and the Social Sciences divisions.

2. In each division, two of the courses must constitute an approved sequence. Courses in a sequence may be taken in either order unless one is prerequisite to the other.*

3. Of the twelve courses used to satisfy the divisional requirement, no more than three courses may be taken from a single department or program (even if the courses of the department or program are in more than one division), with the exception of 3-credit HNR courses offered by the Renée Crown University Program. Any course cross listed is considered to belong to each of the departments in the cross listing. Therefore it counts as one of the maximum of three allowed from a single department to fulfill the divisional distributional requirement. Experience Credit and Independent Study credit cannot be used to satisfy the Divisional Perspective Requirement.

4. In each division, no more than one course may be selected from schools and colleges outside the College of Arts and Sciences.

5. In the Natural Science and Mathematics Division, at least one laboratory course must be included.

* In the lists that follow, courses connected by a hyphen ("-"), or otherwise stated constitute a sequence.
THE HUMANITIES DIVISION
--- 4 courses needed ---

The Humanities Division encompasses the history, theory, analysis and criticism of language, literature and other texts, religion, art, and music; and the examination of fundamental questions arising in the human search for values, knowledge, purpose, and meaning. These are central concerns of the departments or programs of African American Studies; English; Languages, Literatures and Linguistics; Art and Music Histories; Philosophy; Religion and Women's and Gender Studies. Hence, most courses satisfying the Humanities Division requirements come from these departments and programs.

THE HUMANITIES LIST

Students must take at least four courses from the following list, including a two-course sequence (indicated by hyphens), to complete the requirement for four courses in this division. No more than three courses may be taken from a single department or program (even if the courses of the department or program are in more than one division).

AFRICAN AMERICAN STUDIES
AAS 138 Writing About Black Culture
AAS 206-207 Introduction to African American Music; Survey of African Music
AAS 231-232 African American Literature to 1900; African American Literature: 20th and 21st C
AAS 233-234 The Caribbean Novel; African Fiction

THE NATURAL SCIENCES AND MATHEMATICS DIVISION
--- 4 courses needed ---

The Natural Sciences and Mathematics Division encompasses the investigation of natural phenomena, including the development of predictive explanatory systems, and includes the study of numerical and other abstract structures and relations. These are central concerns of the departments of Biology, Chemistry, Earth Sciences (Geology), Physics, and Mathematics. Hence most courses satisfying the Natural Sciences and Mathematics Division requirements come from these departments.

THE NATURAL SCIENCES AND MATHEMATICS LIST

Students must take at least four courses from this list, including a 2-course sequence (indicated by hyphens) and a course with a laboratory (indicated by course numbers in bold print) to complete the requirement for four courses in this division. No more than three courses may be taken from a single department or program (even if the courses of the department or program are in more than one division).

ANTHROPOLOGY
ANT 131 Introduction to Biological Anthropology
ANT 431 Human Variation
ANT 433 Human Skeletal Anatomy

ASTRONOMY
AST 101 Our Corner of the Universe
AST 104 Stars, Galaxies, and the Universe
All AST courses.
A sequence can be made up of any two 100-level PHY or AST courses, any two 200-level PHY or AST courses, or a combination of one 100-level PHY or AST and one 200-level PHY or AST course.

BIOLOGY
BIO 121-123 (124) General Biology I & II
All BIO courses.

CHEMISTRY
CHE 103-113 Chemistry in the Modern World; Forensic Science
CHE 106 (107)-116 (117) General Chemistry Lecture I (General Chemistry Laboratory 1); General Chemistry Lecture II (General Chemistry Laboratory II)
CHE 109 (129)-119 (139) General Chemistry Lecture I - Honors and Majors (General Chemistry Laboratory I – Honors and Majors); General Chemistry Lecture II - Honors and Majors (General Chemistry Laboratory II – Honors and Majors)
Credit is given for CHE 106-116 or CHE 109-119, but not for both. NOTE: this is the same for the lab 107-117 or 129-139
All CHE courses.

COGNITIVE SCIENCE
COG courses may be accepted by petition.

COMMUNICATION SCIENCES AND DISORDERS
CSD 212 - CSD 315 Introduction to Communication Sciences and Disorders: Anatomy and Physiology of Speech and Hearing
CSD 212 - CSD 325 Introduction to Communication Sciences and Disorders: Fundamentals of Hearing Science
CSD 345 Fundamentals of Speech Science
CSD 409 Cognitive Neuroscience of Speech and Language
EARTH SCIENCES
First Course in the Sequence: EAR110 (Dynamic Earth) or EAR105 (Earth Science) or EAR203 (Earth System Science)
Second Course in the Sequence: EAR210 (History of Earth and Life), or EAR106 (Geohazards & Natural Disasters), or EAR111 (Climate Change Past and Present), or EAR117 (Oceanography), or EAR200 (Selected topics), or EAR205 (Water and Our Environment), or EAR225 (Volcanoes and Earthquakes)

Prospective Earth Science majors are strongly encouraged to take the EAR110-210 sequence. Courses can be taken in any order except EAR210 which requires a prerequisite of either EAR110 or EAR203 or both EAR105 and EAR104.

ANY EAR course will count toward the divisional requirement of four courses in the natural sciences and mathematics. Credit is given for EAR 110 (formerly EAR 101) or EAR 105 or EAR 203, but not for more than one of these specific courses.

GEOGRAPHY
GEO 155 - GEO 215 The Natural Environment; Global Environmental Change
GEO 155 - GEO 316 The Natural Environment; River Environments
GEO 155 - GEO 326 The Natural Environment; The Geography of Climate and Weather
GEO 482 Environmental Remote Sensing
GEO 555 Biogeography
GEO 583 Environmental Geographical Information Systems

HONORS
HNR 250, 350, 450 Honors Natural Sciences & Mathematics Courses
HNR 255, 355, 455 Topics in Science with Laboratory Component

MATHEMATICS
MAT 285-286 Life Sciences Calculus I, II
MAT 295-296 Calculus I, II
All MAT courses above 230. (MAT 284 cannot be used simultaneously to meet the divisional perspective requirement and to meet the Quantitative Skills Requirement.)

PHYSICS
PHY 101 Major Concepts of Physics I
PHY 102 Major Concepts of Physics II
PHY 211 or PHY 215 (221) General Physics I
PHY 212 or PHY216 (222) General Physics II
All PHY courses.
A sequence can be made up of any two 100-level PHY or AST courses, any two 200-level PHY or AST courses, or a combination of one 100-level PHY or AST and one 200-level PHY or AST course.

PSYCHOLOGY
PSY 223 Introduction to Biopsychology
PSY 323 Brain and Behavior
PSY 324 Developmental Biopsychology
PSY 334 Laboratory in Developmental Biopsychology

SCIENCE TEACHING
All SCI courses.

SCIENCE, TECHNOLOGY, AND SOCIETY
STS course may be accepted by petition.

OTHER SCHOOLS AND COLLEGES
*Apply as Non-Arts & Sciences credit

DAVID B. FALK COLLEGE OF SPORT AND HUMAN DYNAMICS

SECTION C

THE SOCIAL SCIENCES DIVISION  
--- 4 courses needed ---

The Social Sciences Division encompasses the history, theory, and investigation of societies, systems, regions, groups and individuals. These are central concerns of the departments of African American Studies, Anthropology, Economics, Geography, History, Political Science, Public Affairs, Psychology, Sociology, International Relations and Women's Studies. Hence most courses satisfying the Social Sciences Division requirements come from these departments.

THE SOCIAL SCIENCES LIST

Students must take at least four courses from the following list, including a 2-course sequence (indicated by hyphens) to complete the requirement for four courses in this division. No more than three courses may be taken from a single department or program (even if the courses of the department or program are in more than one division).

AFRICAN AMERICAN STUDIES
AAS/ANT 112-AAS 202 Introduction to African American Studies in Social Sciences; Caribbean Society Since Independence
AAS/ANT 112- Introduction to African American Studies in Social Sciences; Comparative
AAS/SOC 254 Study of American Ethnic Communities
AAS/PSC 306- African American Politics; Politics of Africa
AAS/PSC 341
AAS 312 Pan Africanism
AAS/HST 332 African American History
AAS/HST 333 African American History
AAS/PSC 341 Politics of Africa
AAS 352 Research in African American Community Programs
AAS/SOC 353 Sociology of the African American Experience
AAS/HST 402 Slavery and Abolition
AAS/SOC 410 Seminar on Social Change
AAS 470 Internship in African American Studies (when appropriate, by petition)
AAS 490 Independent Study (when appropriate, by petition)
AAS 501 African American Sociological Practice, 1900-1945
AAS 512 African American Women’s History
AAS 525 Research Methods in African American Studies
AAS 540 Seminar in African American Studies (when appropriate, by petition)

ANTHROPOLOGY
ANT 111 Introduction to Cultural Anthropology, together with any ANT 200 level or above course, constitutes a sequence except, 202, 273, 326, 376, 431, 432 and 433.

ANT 121 Peoples and Cultures of the World, together with any ANT 200 level or above course, constitutes a sequence except, 202, 273, 326, 376, 431, 432 and 433.

ANT 141-ANT/HST 145 Introduction to Archaeology and Prehistory; Introduction to Historical Archaeology

Any ANT course except 131, 185, 202, 273, 326, 376, 431, 432, 433, 472.

COGNITIVE SCIENCE  COG courses may be accepted by petition.

COMMUNICATION, SCIENCES & DISORDERS
CSD 303 Communication in the Classroom
CSD 422  Normal Development of Speech and Language
CSD 427  Articulation Disorders

ECONOMICS
ECN 101-102  Introductory Microeconomics; Introductory Macroeconomics
ECN 203-301  Economic Ideas and Issues; Intermediate Microeconomics
ECN 203-302  Economic Ideas and Issues; Intermediate Macroeconomics
ECN 203-304  Economic Ideas and Issues; The Economics of Social Issues
ECN 203-311  Economic Ideas and Issues: Intermediate Mathematical Microeconomics
All ECN courses.

GEOGRAPHY
GEO 103-203  Environment and Society; Society and the Politics of Nature
GEO 103-317  Environment and Society; Geography of Mountain Environments
GEO 103 -353  Environment and Society; Geographies of Environmental Justice

| PSC 125-ECN 203 | Political Theory; Economic Ideas & Issues |
| PSC 129-GEO 219 | American Natl Government & Politics (Honors); Amer. Diversity & Unity (Honors) |
| PSC/MES 344- HST/MES 318 | Politics of the Middle East: Introduction to the Middle East: |
| SOC 101-AAS/ANT 112 | Intro to Sociology; Introduction to African American Studies in Social Sciences |
| SOC 101-SOC/AAS 254 | Introduction to Sociology; Comparative Study of American Ethnic Communities |
| SOC 101-MAX 123 | Introduction to Sociology; Critical Issues for the United States |
| SOC 101-MAX 132 | Introduction to Sociology; Global Community |
Students are required to take two courses from the approved list that follows. These courses are designed to encourage students to think critically about social and ethical issues that are relevant to contemporary life. They are from a variety of departments and programs and will demonstrate the relevance of study in the liberal arts to gaining critical perspectives on aspects of contemporary society. Many of these courses may simultaneously be used to partially satisfy other Liberal Arts Core requirements.

Most of the courses that satisfy the Critical Reflections on Ethical and Social Issues Requirement promote the University’s core value of diversity. They help students to reflect on the diversity of peoples, social groups and cultures that surround them in contemporary life. Many other courses in the Liberal Arts Curriculum outside those on the list of Critical Reflections courses also serve this goal.
